

TRIBECA

Gallery Presents . . . Photo Art by Steve Hecklinger

Captured  
*Visuals*

Jan. 6 thru March 1, 2011

Steve has been shooting photos since 1980 when he bought his first camera. In 1994 he started his professional career as a photographer for Drum Corps World Magazine.

His work has been featured in several magazines such as Paducah's 4 Her Magazine and he works with several agencies such as Fotojack. Land Between the Lakes volunteer group "Friends of Land Between the Lakes" has hired Steve for producing their calendars and making a documentary video about the LBL area.

Steve likes to do photo art and mystery photography. His hand made custom frames help depict the essence of what he sees. His work includes photos of Yellowstone NP, the Great Smoky Mountains NP and anywhere off road he can get to in his Jeep Wrangler Rubicon.
